Will Save Six Hours. St. Parl, MINN., Feb. 5.-Ex-President Kinney of the "Soo" line proposes to build an air line from Chicago to New York, and he is now in New York making proliminary arrange-ments. Now, with the way of the said cities by way of Buffalo and Albany. with the enormous volume of business between Chicago, the great depot of the west, and New York, the great seaboard port of America, it seems as if a saving of 234 miles in distance and of six hours in time by express trains would warrant an outlay sufficient to accomplish the construction of such a railway."
